i-surance

Barcelona / Zurich

Since our foundation in 2012 in Zurich, we have become market leader our core segments and are rapidly scaling across the insurance market in Europe. Our operations are based in 2 European hubs, Berlin and in Barcelona, along with our sales offices in Zurich, Paris and London - we will also expand to Amsterdam, Brussels and Milan in the next years.

We offer innovative insurance programs for a variety of industries to strengthen their core business, inspire with unique customer experience and generate attractive financial contributions both for us and our partners. We are constantly developing and introducing new, innovative offerings by combining insurance benefits with attractive services that enable us to offer unique services to our partners' customers.

Your tasks:

- Prepare business cases for new insurance offers such as mobile device insurance, travel insurance, and hearing aid insurance. Assist in the development of insurance products for external clients and participate in meetings with risk carriers to get their product approval.
- Become a partner for Sales and Key Account Management in the creation of effective insurance solutions. Support Sales, Account Management, Implementation, IT and Legal as a contact person for our insurance products.
- Participate in the development of reports using the business intelligence software Sisense for external partners and internal clients. Complete and/or direct the completion of required data preparation for the data warehouse. Monitor and benchmark existing insurance offers to optimize our opportunities across the entire book of business.
- Acquire and exhibit knowledge of the external business environment to add value. Contribute to ad hoc business development initiatives including the creation of new products and strategic projects.

Your profile:

- Bachelor's degree in Information Technologies, Computer Sciences, Applied Mathematics or comparable academic fields.
- Proficiency in English, both verbally and in writing; any other language is a plus. Customer-oriented attitude
- Motivation to learn and to grow in areas of Underwriting, Data Analytics, Analytical Technology. Analytical skills and ability to think entrepreneurially. Open-minded team player with can-do attitude.

- Ability to balance conflicting deadlines and meet established turnaround goals. Well organized and able to work on multiple priorities concurrently. High degree of integrity, flexibility and proactivity.
- Curious to continuously learn and explore new approaches/technologies
- Experience with Business Intelligence tools and data warehouses is a plus.
- Love to travel and get to know our diverse team

About i-surance

i-surance is a B2B2C InsurTech company like no other. Due to the exponential success of our modern and disruptive business model we now boast two operations offices in the Startup hubs Berlin and Barcelona and further sales offices in the European finance capitals Zurich, Paris and London. We'll soon extend into Amsterdam, Brussels and Milan!

How did we do it? Innovation.

We're disrupting the traditional insurance market two-fold. First and foremost: our offers are transparent and valuable to the clients of our distribution partners. Secondly, we leverage emerging tech to serve our fast-paced digital world. Nobody wants antiquated and boring. Not me, not you, not your clients.

Our philosophy? Innovative, Simple, Digital.

Diverse companies are joining our vision every day. The big retailers of mobile phones, electronics, glasses, cyber security, etc. are amongst those making the switch - We've already earned the title of market leader in mobile, hearing aid and car tire insurances in several countries! What's more, we serve 2M end users in 15 European countries, manage an insurance premium volume of around € 40M and aim to grow beyond € 500M in the next 5-7 years. There are no limits to our ambition!

Our triumph is a team effort, and that continues to be our crucial secret to success.

Despite our incredible growth trajectory and boasting an ever-expanding team of >70 awesome people from all over the world we've kept our youthful start-up soul. As all entrepreneurs and modern start-ups know, a great office culture fosters great results. This means warmly connected team mates rather than colleagues. It means team lunches, chilled parties and trips to sunny islands. It means the occasional inflatable unicorn in the office. It means we're tuned in to how people really want to work; in a flexible environment that nurtures creativity and innovative thinking where our fellow humans are friends, not numbers.

If you are interested to explore the opportunity to join our fast-growing international team and to shape our continued fast growth, please send your application to our Talent Manager Elisa Simeoni recruiting@i-surance.de.
